PACKAGES

A woman with dark hair tied back, wearing a black sleeveless top and hoop earrings, is painting on a canvas mounted on a wooden easel. She is holding a palette and a brush. The background shows a church interior with a wedding scene in progress, including a bride and groom standing near an altar. The scene is lit with warm, natural light from arched windows.

Welcome

Live painting is a form of “Plein air” (outdoors) painting, which is perfect for capturing your special moment during the wedding. We will bring our own canvas and art supplies, to paint the scene of your choosing, in real-time, at your wedding.

We are a pair of sisters who have grown up together with a shared passion for painting! Both attending the same painting college it's a delight to now work together. With over 300 weddings painted over 4 years collectively we bring a world of experience and expertise to the table.

From artworks that are finished on the day, to artworks that double as guest entertainment, we have you covered. Providing the gold standard in Live Wedding Portraits, this service doubles as entertainment on the day and quality artwork to treasure for generations.

Live Wedding Painting

HOW IT WORKS

Congratulations on your engagement! The start of a new and beautiful chapter together and we are so honoured to be a part of your wedding day.

BEFORE YOUR WEDDING

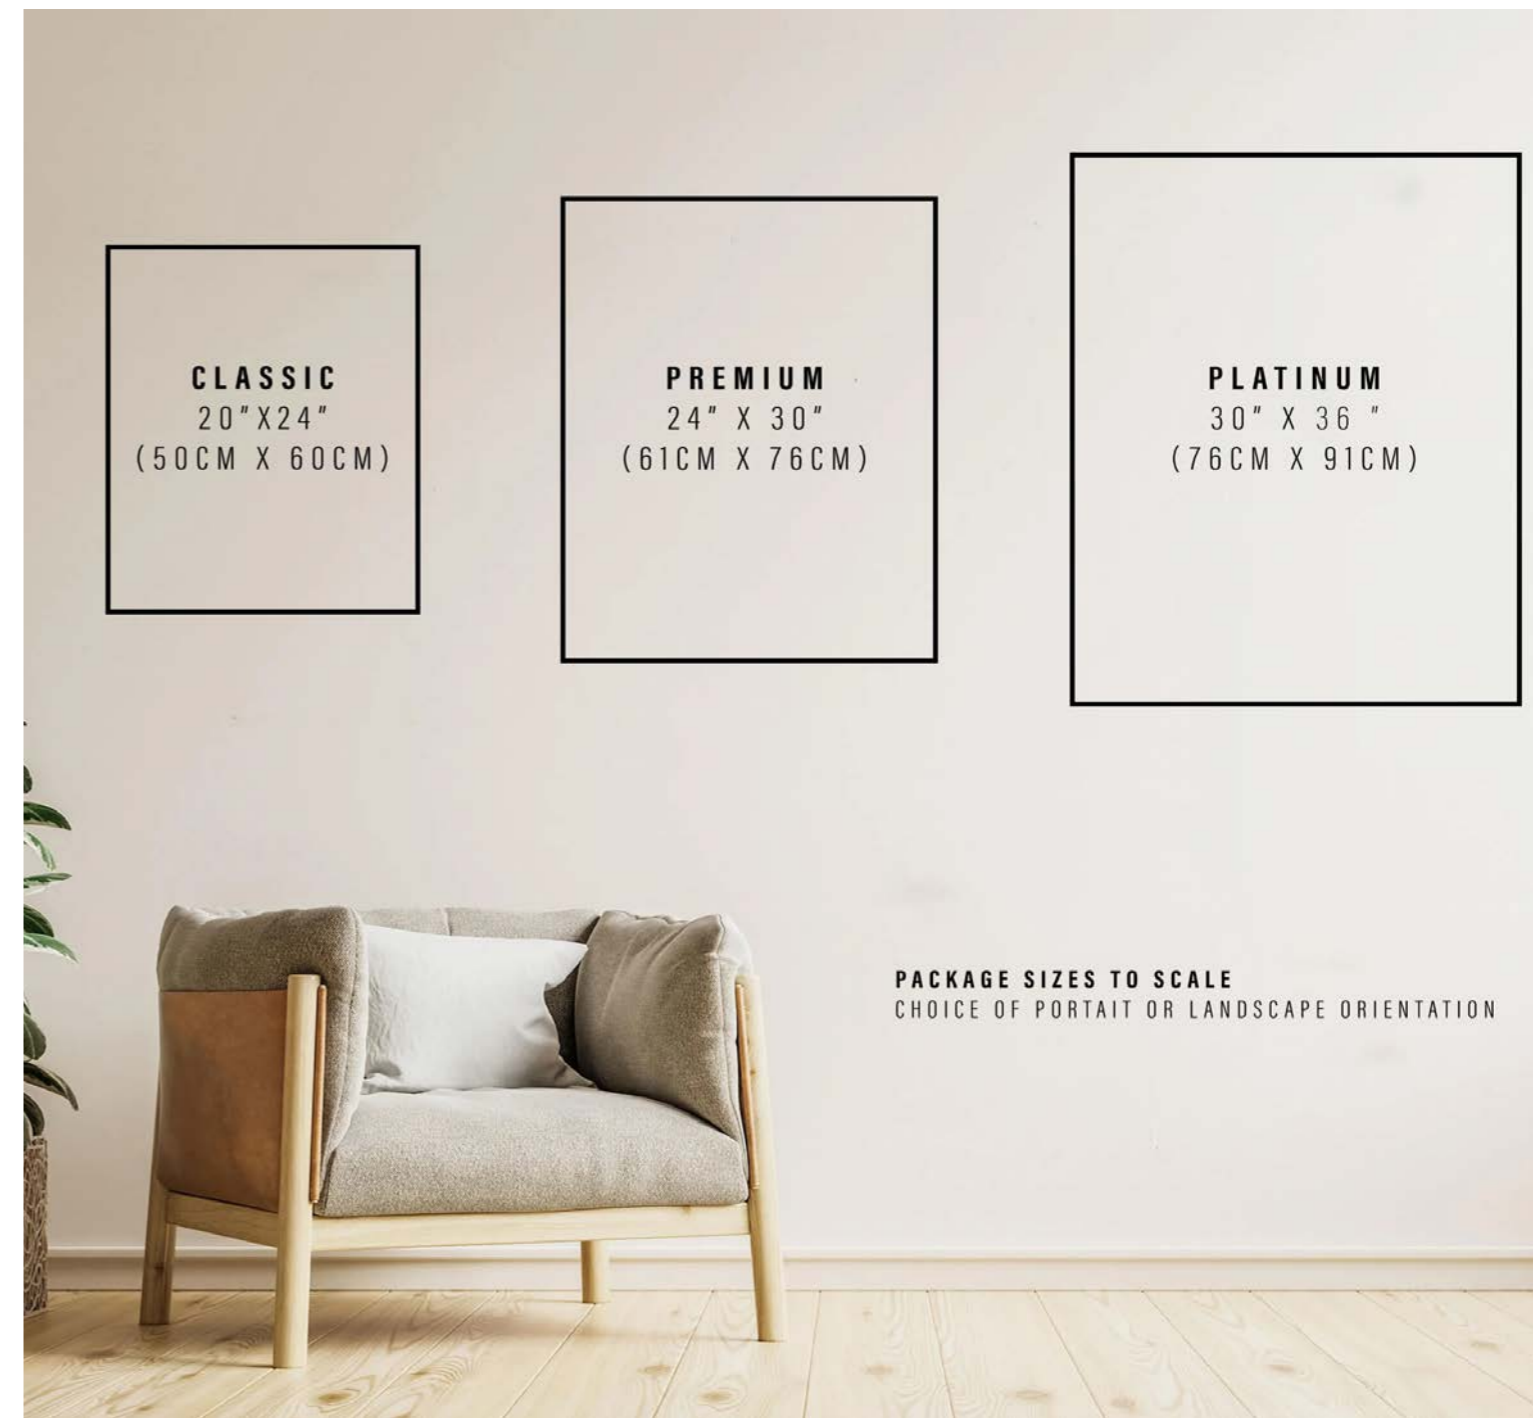

1. Inquire via our Booking Form to check our availability for your wedding date
2. Lock in your booking with a 30% deposit and signed contract
3. Set a time for a phone consultation. Here we will chat through your vision for the day and offer suggestions for the artwork. We will discuss elements such as setting, emotion, colour preferences and anything else which is important to you on your wedding day. Great care is taken to ensure together we design your dream painting.
4. 6 weeks before your wedding we will get in touch again to confirm all details for the day.

THE WEDDING DAY

1. We arrive 90mins before your ceremony start time to plan the composition for the work. We will set up over two locations on the day, canapes and reception. The ceremony is all about you and we choose not to detract from that special time. If it is a church ceremony we travel between church and reception.
2. Once the set up is complete we will snap the reference photo for the painting. This will be either during the ceremony or at your private couples photoshoot. We can also attend your first look or location photoshoot to photograph the moment off site before returning to the venue.
3. Once the moment is photographed we will begin to sketch onto the canvas and begin your painting.
4. After 7 hours of live painting your painting will be complete (CLASSIC PACKAGE). All packages will be completed to a certain level on the day with recognisable faces in within the first 3-4 hours. The finished on-the-day CLASSIC PACKAGE will be displayed on a complimentary easel on your gift table ready to take home. At the end of the night we will come and find you to show the painting before we leave, notifying your photographers and videographers.

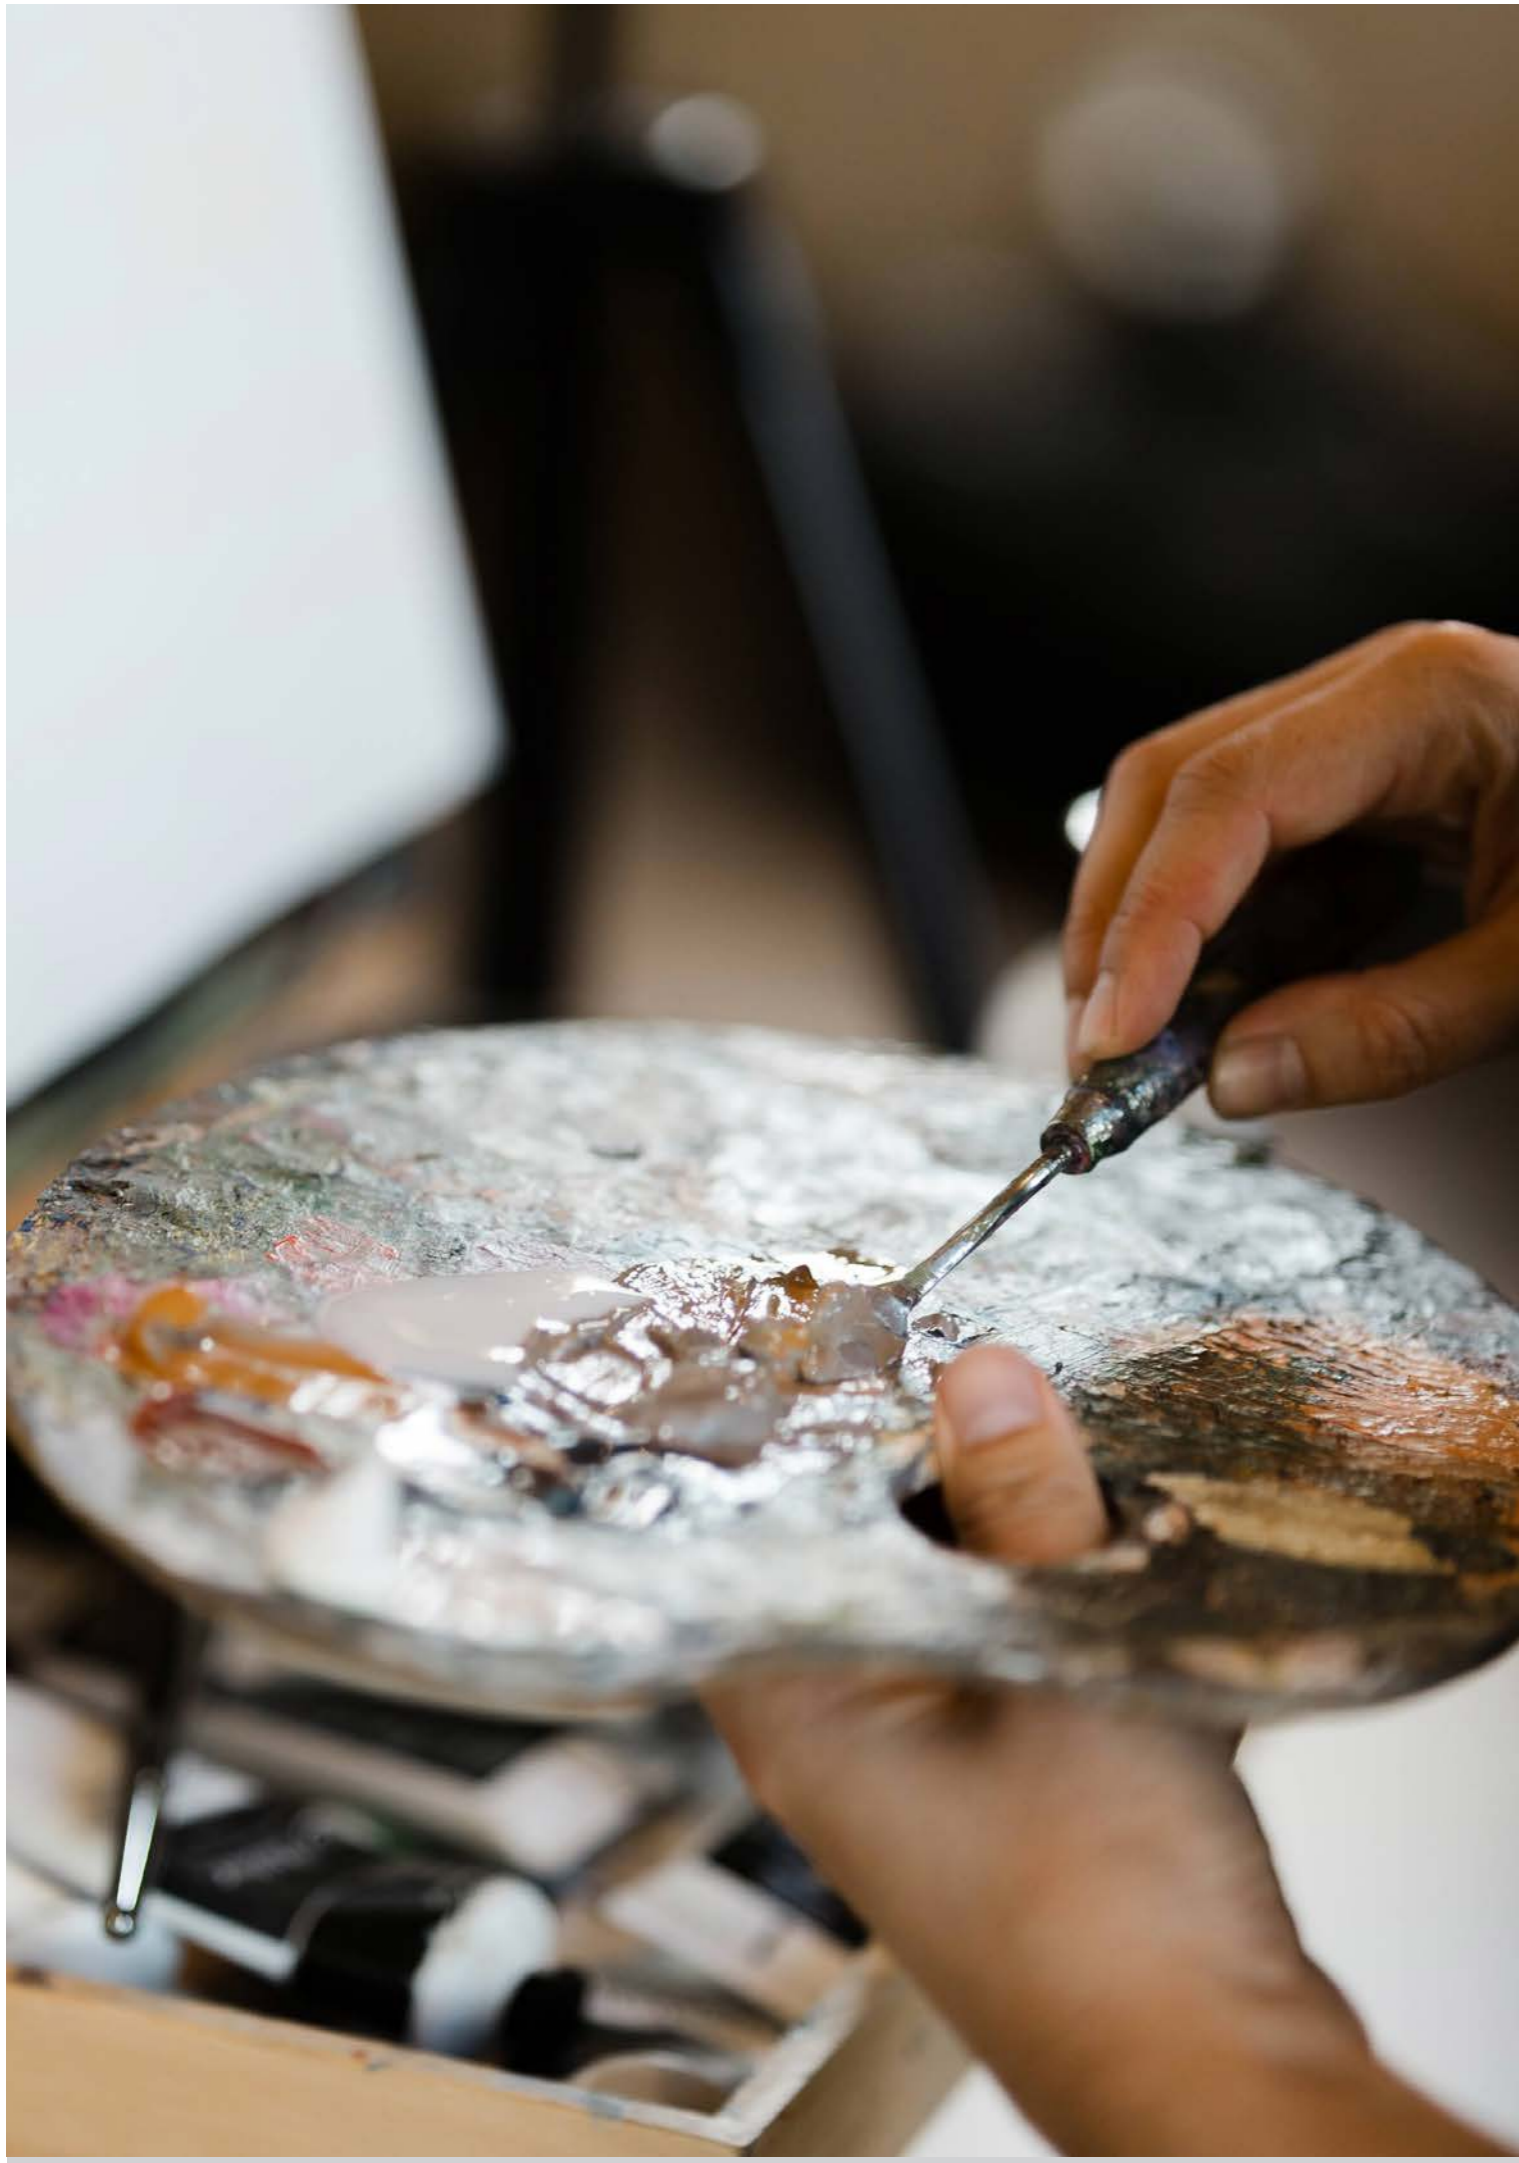

AFTER YOUR WEDDING

1. For the PREMIUM and PLATINUM PACKAGES your painting will be taken back to our studio for extra details and framing (platinum). This will take 8-10 weeks as we use beautiful but slow drying oil paints.
2. Once the painting is finished we take a high resolution photograph, paint the edges and attach hanging wire. Then it is professionally packaged and delivered to you.
3. The PLATINUM PACKAGE includes custom framing. Once the painting is complete we will get in touch with frame colour options with digital mock ups to choose from. Once framed the work is then packaged and delivered to you.

Notes:

1. Our packages are priced on how many total painting hours are included. The more hours spent on a painting the more detailed it will be. Sizing is flexible and we offer a large range of options for each of our packages. As the price is primarily artist's hours the size change is only a minor shift in cost.
2. All packages include only two people (the couple). However if you would like to include additional people or pets to your portrait you can! As this adds extra time to overall painting an extra fee of \$200pp is added. This means you can add in people not present on the day or your loved fur babies to the painting. For any person or pet not present on the day we will use photographs sent prior to your wedding. The CLASSIC package can only include 2 extra people/pets as we are limited with time on the day.
3. We offer custom packages! If you would like a personalised blend of features let us know for your own special package.
4. You can choose which Artist you may prefer for your wedding day!

Materials & SET UP

Great care is taken to ensure we not only provide the best experience, but the artwork itself is of the highest possible quality. We pride ourself on sourcing the finest materials to ensure your investment stands the test of time.

PREMIUM CANVAS

When it comes to canvas the weight of fabric weave greatly influences the surfaces quality and feel of the painting. We use the heaviest 12 ounce cotton canvas, the highest grade available.

In addition to this, the timber that the canvas fabric is stretched over will influence the durability of the frame. We use premium kiln-fired timber stretcher bars. These have been heat treated to protect against warping due to humidity, a necessary feature for the Australian environment

ARCHIVAL PAINTS

Not all paints are created equal and when it comes to fine art, only the best will do. We use the highest quality, locally made in Sydney (Australian-Made and Owned) Atelier Acrylics. For the studio finished packages, we use the finest Winsor & Newton Artists Oils made in France.

Both the acrylic and oil paints are archival and densely pigmented with the highest possible lightfast rating. This means they have been tested to ensure they will not fade for over 200 years!

AESTHETIC SET UP

Presentation is so important to elevate the look and feel of your wedding day. From outfits to easel we ensure we are dressed to impress and be a standout for your day. Our minimal yet elegant painting set up has everything we need while being a classical touch to your styling.

With a subtle black drop cloth, battery operated lighting and stool, we require nothing but 1.5m of floor space on the day. Positioning always in easy view of your guests we love being watched, photographed and filmed.

Customer REVIEWS

I can't recommend Teresa and Bernadette enough!
I've wanted a live wedding painter for as long as I can remember and these guys really exceeded our expectations.

We are truly so grateful and overwhelmed with the dedication of Bernadette's work and support on our wedding day. And for honestly making it an unforgettable night for us. We are so glad we found this beautiful company! Teresa was such a pleasure to communicate with and I really felt her care for our wedding through each of her interactions with us.

We are also so shocked with how well she captured our likeness! If you are on the fence with having a painter or not, I'm here to convince you, you definitely should! I absolutely loved seeing the progress of our painting throughout the whole day and night and our guests were all just enamoured with her work. We got so many compliments on the live painting idea and I'm so glad we settled on these gorgeous ladies, it was a pleasure to work with them both.

PACKAGE

OPTIONAL INTERACTIVE ELEMENT

Create a buzz and include your guests in the unique experience of adding a brushstroke to your painting. We offer 3 options for guests to contribute to which are all background elements. We mix the colours and provide a memorable photo opportunity. Guests are not allowed to paint the couple or add anything that is not existing in the painting. The brushstrokes of the guests are layered into the finished work.

Once a guest has added their brushstroke we ask them to write a message to you. These messages are adhered to back of the framed painting as way to remember all those who have had a hand in the creation of this stunning memory. We provide babywipes and aprons to keep your guests clean.

If you choose the interactive option we recommend choosing a moment earlier on in the day. We find that the most artwork interaction is during the canapes/cocktails in the interim between the ceremony and reception. Moments that work well are the kiss at ceremony or walking out after the ceremony together.

FRAMING

Once the painting is completed, we will generate a digital mock-up of the three framing options you can choose from (Tasmainian Oak, White, Black). This helps you to visualise how your artwork will look before committing to the frame.

We then work with our framing partner to custom build and assemble the frame. This process can take up to two weeks. Once the framing is completed we will be in touch to organise the delivery or local pick up of your artwork.

Customer REVIEWS

Teresa was incredible! 10/10! From the moment we saw her sweetly smiling at us as we walked down the aisle we knew she was going to create absolute magic for us. We booked the interactive package and it was so incredible to see our guests adding to our painting throughout the night and to read all the messages guests left for us.

We received our completed painting about 2 months after the wedding and it was every bit worth the wait, we couldn't be happier, Teresa defied all our wildest expectations and now we have an incredible and personal piece of art to last us a lifetime.

THANK YOU TERESA!
